EDUCATION

Software Engineering, Bachelor, Atatürk University

September 2021 – present | Erzurum, Turkey

PROFILE

I am a Full Stack Web Developer with over a year of experience in building web applications using ReactJS. I am skilled in CSS frameworks like Tailwind and Bootstrap, creating modern, responsive user interfaces. In addition to personal projects, I have collaborated with teams and worked on freelance projects, continuously improving my development skills.

PROJECTS

E-commerce App, ReactJS Web App 🔗

Built the frontend using ReactJS, with Bootstrap and Ant Design for responsive UI. Developed the backend with Node.js and used MongoDB for database management.

React Router Deployment Fix,

Resolving React Router Issues on GitHub Pages 🔗

Addressed and resolved routing issues encountered when deploying a React application with React Router on GitHub Pages

University Club Website,

Design and Development for University Club

2024

Designed a university club website using Figma and led front-end development with ReactJS. I contributed to back-end development and managed a team through Git for collaborative coding. I oversaw both design and development phases, ensuring effective teamwork and a cohesive final product.

Coffee Shop Application,

Frontend Development with ReactJS 🔗

Developed a coffee shop application using ReactJS. Created a user-friendly interface to showcase products, manage orders, and provide a seamless customer experience.

Blog Website, Development with Django

Created a blog website using Django. Implemented features such as user authentication, content management, and dynamic post creation, providing a robust platform for publishing and managing blog content

ORGANIZATIONS

ATASENG Club - Algorithm Competitions, Atatürk University, Jury

Competed in algorithm challenges, improving problem-solving and coding skills through competitive programming

ATASENG Club - Git and GitHub Training, Atatürk University

Participated in training sessions focusing on Git and GitHub, enhancing version control and collaboration skills.

ATASENG Club - Cybersecurity Courses, Atatürk University

Completed cybersecurity courses, learning about security practices, threat analysis, and protection techniques.

ATASENG Club - Web Development Workshops, Atatürk University

Attended workshops on web development, gaining hands-on experience in frontend and backend technologies.
